

Dear Fellow Residents:

As some of you know by now, I am running for the Newport Terrace Board of Directors. I am currently on the Board itself as Vice President, originally appointed by the Board to fill Phil's position when he resigned. I was actually selected specifically by Phil himself to fulfill his remaining term, which is now up this November. Therefore, now as an incumbent, I am hoping to be officially elected by our general condominium owners. I would welcome and appreciate your vote.

Attached as PDF files, are copies of my personal application, resume and detailed credentials, plus a list of related committees I am on (some as Board Liaison), should you wish a more detailed accounting of just what I have accomplished so far since moving into Newport Terrace.

I would not only welcome and appreciate your vote so I can indeed continue on the Board, but also as a Renovation Rollout Committee member, I would hope to be in a position to help continue on with what we have just accomplished so far. While the renovation loan was indeed voted on by the vast majority of our residents, there is still a lot more work to do. Please allow me the opportunity to continue on with the success and momentum of what has been accomplished so far.

Likewise to me, and just as important as one's willingness to help out where one can in Newport Terrace, is also being able to understand the issues, have the experience to navigate them, plus the time to volunteer. As semi-retired, with my remaining business activities now totally online, I have that ample time to devote fully to our various projects. In addition, one of my goals and objectives always has been, whether on the Board or a select committee, is the ability to listen to and understanding all sides on any issue. There is a community with a community effort; therefore everyone should be allowed to have their say.

Meantime, if I can answer any particular questions that you may have, just let me know. I am here for you and to help.

Sincerely,

John Sisker
